

Devon and Cornwall Police Authority Chairs' Committee  
4<sup>th</sup> September 2009  
Open for the Purposes of FOI  
Report of the Acting Chief Executive

---

## Joint Committee Agreement

Recommended that the Committee considers the draft joint agreement and makes appropriate suggestions and recommendations to the Authority.

### Introduction

The Police Authority Chairs and Chief Constables within the South West Region meet regularly to discuss matters of mutual interest and this includes collaborative working.

To enable further and more extensive joint working to be undertaken it has been suggested that a South West Policing Board is established which makes recommendations to a Police Authorities Joint Committee.

The Chief Executive of Wiltshire Police Authority has prepared a draft agreement for the establishment of a Joint Committee for Policing in the South West of England and that agreement is attached to this report for the consideration of the Committee.
