STRATEGIC PLAN (pa07/325)

RECOMMENDED that the attached Authority Strategic Plan be approved and that the members involved with the Force in the drafting of the 3-year Strategic Plan (Policing Plan) be asked to determine and recommend how the elements of the Authority's Plan should be incorporated within the Policing Plan

Background

1. Attached is the latest version of the Authority's Strategic Plan, which has been discussed by members and on which members have had the opportunity to comment.
2. As Members will be aware the Authority's 3-year Strategic Plan – for ease of reference and to avoid confusion this is referred to as the Policing Plan - is now being drafted and a group of Authority members is involved with that process. The attached document will now need to be integrated within the Policing Plan either as a totally separate document or at the most appropriate points in the Plan. This will enable the public to better understand how the Authority works alongside the Force providing a critical oversight and scrutiny role.
3. Members have never formally adopted the attached Plan and Members are therefore asked to indicate their approval to the Authority's Strategic Plan in its current form as a working document that can be used by the members involved with the drafting of the Policing Plan. This reflects that the Strategic Plan may need to be amended to enable better integration within the Policing Plan.
