

**Devon and Cornwall Police Authority Performance Management Committee  
9 December 2005**

Open for the purposes of FOI  
Report of the Chief Executive

---

**Continuous Improvement Database**

**Recommendation(s):**

- i. That the Committee indicates its satisfaction with the progress updates in the report.**
- ii. That the Committee approve the new reporting format for the Continuous Improvement Database update report**

1. The Performance Management Committee is frequently updated on progress with actioning recommendations stored within the Continuous Improvement Database within the Strategic Development Department.
2. Specifically, the Committee holds responsibility to monitor the recommendations and associated action plans emanating from Best Value Reviews.
3. At the last meeting of this Committee, Members felt the reporting style of these updates could be improved. Work has been undertaken to develop a report layout that both contains the information that Members require in an accessible format whilst being of a manageable size. The latest version of this report is attached at **Appendix A**.
4. The Committee is asked to review the report and indicate its satisfaction with the progress updates provided. The Committee is also asked to offer comments on the new format.
